## Description:

Come Over To The Dark Side... With our all new Midnight Mandalas Vol. 3 black background coloring book. Once again we took 50 of our our popular Mandalas and did a bit of black magic on them to turn them into fantastic white Mandalas with all black backgrounds. Think of the possibilities of coloring these with bright neon pencils or markers and remember, as with all of our books, each image is printed on its own page.

This is my 3rd purchase of Marti Jos coloring books. They are mandala books, and they have wonderful drawings. This book is just as nice as the others, except, about 1/3 of it has pages that were not lined up right when the pages were cut and bound. So, are part of the drawing has been cut

off on the outside edge of the page. I still like the book. I just hope that the printers have seen this and made adjustments. Otherwise, I love the book!
